This information is not held in an easily extractible format. There is no report functio
this level of detail. Pupils at each school are assigned to Year Stage classes for each
then assigned to a teacher and can be viewed on the SEEMIS school database in eac
Each teacher's timetable would require to be manually checked for single and duplic
the week, and each class name and level information noted and collated as single, b

This information cannot be provided without significant additional work and the crea
clarification, I should also explain that the Freedom of Information (Scotland) Act 200
people have the right to request access to "recorded information" held by public autl
"Recorded information" is information that exists in some permanent form, e.g. corre
However, the Act does not apply where people are seeking an extensive analysis of i
new information that we would not otherwise be required to collate.

In order to be of some assistance to you, there are some details held by school on su
delivering multi-level which may be of interest to you, however this does not provide
see the attached spreadsheet 'Schools'.
